

The W3R Heritage Tourism Kiosk in Delaware

Height = 62"
Width =20.3" body
centered on a
24"x24" base plate.
Letter-width paper ejects
200 DPI images on
thermal-print paper
through a 9" slot 3.5"
below the keyboard
(top of the riders' hats)

Lower body depth = 17"
Keyboard (at 34" height)
projects 6" in front of body.
Upper body is 6.5" deep
over most of height.
Touchscreen is 13.5" wide
by 10.5" high.

Keyboard has no Start, Ctrl,
Esc, Alt, or function keys,
thus preventing access
to the operating system.

Permanent display is the W3R
trail. The slanted touchscreen
displays Web pages, images,
and video. Speakers above the
touchscreen provide sound.
